

# PURPLE PROFILES

## *of* COURAGE

**Name:**

Cheryl Willis

**My Connection to the Cause:**

I support the cause and vision of a world without Alzheimer's.

**My Inspiration:**

I became involved with Alzheimer's while working with families, caregivers, and friends of people with this disease. I would listen to their stories and challenges and assist as much as possible.

**How I Stay Strong:**

What has helped me in my work has been the support of a very knowledgeable woman (now deceased) and the caring staff at the Alzheimer's Association

Nebraska Chapter. I am also a very faithful person and strong believer.

**My Advice to Others:**

I would encourage families to work together for the benefit of their loved one. I would also encourage them to get involved with the Alzheimer's Association for support as soon as possible.

**My #ENDALZ Battle Cry:**

"We will see an end to this disease!"
